Vice Commodore's Report

First I must apologize that I missed publishing an article last month. A few club members reminded me of my duties and I will not miss another one!

We have two of our launches running, Setauket and Dan Perry. Fetch is in Port Jefferson Marine Maintenance. There are a few repairs being wrapped up and Fetch should be launched in the next few days. With the projects completed on all the launches we hope to have a great season of launch service.

The docks are looking great this season. Alan Johnson and his team have done a great job maintaining a repairing the docks. At night the docks look great with the lighting installed. Very welcoming.

Kevin Mularkey is taking care of our clubhouse. We've had the roof repaired, carpets cleaned and some drywall replaced in the downstairs area. If there is anything you notice that needs attention please contact Kevin.

Mr. Keith Puls has been taking care of the grounds and if you have not seen it yet, the permanent awning on the north side of the JSP building looks awesome. Members needing work hours should contact one of the directors in your areas of talent or interest. Weeding, painting, light repair work can be done to help both the club and yourself with work-hours.

If you wish to publish anything in the newsletter please contact Vic Suben who has always done a wonderful job with The Bowspritz. If you know of someone interested in joining the club please have them contact Ralph Segalowitz, our Membership Committee Chair. If you need an email sent to all club members please forward it to Gene Stark (email@portjeffersonyachtclub.com).

Commissioning has come and gone. We usually hand out membership cards and yearbooks at this annual event. We are currently working on membership cards and will have them to our members shortly. We really need a member, or a few members, to help with the yearbook. We have been asking for months for help and Ed Dowd's daughter agreed to help. We did have copies for distribution at Commissioning but need to get yearbooks for all members. If you have corrections to the initial yearbook please let me know and we will incorporate in the final copy.

In May Joe Yorizzo and I met with Village Trustee Stan Loucks and Director of Recreation, Renee Lemmerman to discuss how the Village and PJYC can work together in promoting the Club, Village and our Junior/Adult Sail Program. It was a great meeting and we will be meeting again. Bottom line is to get families in the club we need something for all family members to enjoy, We will keep all members updated.

Wishing you a happy and healthy summer boating season! If anyone has anything they wish to discuss please let me know!

Karl Janhsen
Vice Commodore

Special Notice

The Hausner Family is proud to announce the birth of Reagen Lynn Hausner on Sunday, June 9, Reagan Lynn weighed in at 8lbs.-6oz, 21 inches. Reagan Lynn is Rear Commodore Jeff Hausner's first Grandchild, and Sally Hausner's first Great Grandchild.

NEW AWNING INSTALLED

The new awning is completed. Made of 29 gauge metal with a new “Colorfast 45” finish the roofing carries a 45 year finish warranty against fading, chalking and chipping. Further, it withstands severe weather conditions including high wind and fire. While considered a temporary structure as our old canvas awning was, we do not need to take it down and reinstall it every year. This awning is maintenance free! Best of all, we saved \$700.00 over a canvas replacement. Please join me in thanking Ed Nielsen, Ken Babits and Phil Schiavon for their time and construction skills. A very special thanks to Alan Johnson for the working on the design, planning and procurement of materials, as well as the construction and problem solving.

Keith Puls, Grounds Director

Docks and Floats

An additional 16 cleats have been installed on the West dock to replace some of the 6x6 blocks that were removed. The blocks were removed to make it easier to store the docks when they are hauled for the winter. Final installation will be done in the spring when the docks are out of the water because access is so much better. Water and electric appear to be working on all docks as well as the new 50 amp stanchions and the new stanchion on the East dock.

Dock Boards: We now have dock boards for member and transient use. The boards are used in conjunction with fenders to hold your boat off the poles. They are located at the dock house.

The club is now using Dockwa to better control reservations for dock space. Last season we used both Dockwa and a manual system and as a result some reservations became confused. With only one system in use, we should be able to have better control and fewer instances of overbooking.

To make it easier for members and guests to board boats with higher freeboards, we have just completed installing a new set of steps on the launch *Dan Perry*. This is a template of what the final installations may look like on the other launches. After you have used the steps and have some constructive comments, please pass them on.

There appears to be continuing confusion about putting boats on the dock. Please read the rules in the year book or re-read them as previously printed here. There are really three points. Week-day dockage is limited to 5 hours per day, Mondays to Thursday, weekend and holiday is limited to one hour per day and no boat can be left unattended over night for ANY reason if the wind is predicted to be 16 knots with a north component. If for some reason you cannot follow the dock rules, a book is provided for you to say why you must be on the dock. It is located in the dock house, ask a launch driver for the book. Failure to do this exposes you to a \$2/ foot bill for every day you are on the dock. It is your responsibility to make the entry into the book and not the launch drivers. The launch drivers cannot give permission to be on the dock, only you the member can do that with an entry and reason in the log book.

Alan Johnson,
Director of Docks and Floats

Grounds Help Wanted:

Need hours? Plenty of gardening work available to earn those hours! Much of it can be done when it's convenient for you. Call or text Keith Puls, Grounds Chair 917 617 5920.

Thank you to Laurina Neilsen, Ed Neilsen, Cathy Segalowitz and Helene Flynnne for rebuilding the baskets on the clubhouse deck, and planting new flowers!

For Sale

For Sale: 1976 2 HP Johnson outboard motor. Lightly used and runs well. Asking \$100.

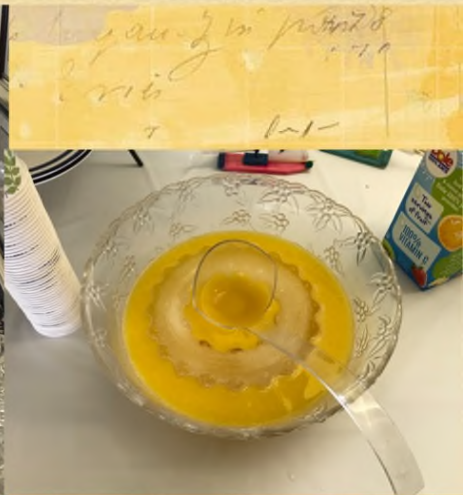

Write or call to John Lane jlane@aol.com
or 631 751 850

Docks and Floats

Spring Brunch

Saturday, April 13th we had our PJYC Spring Brunch. The bagels and sandwiches were supplied by Bagel Express. Compliments of David Diamond. Cathy Segalowitz made the fruit salad and Ellie Bowman made the Mamosa's. Delicious! My cooking mates were Cathy Segalowitz, Nancy Nalbantian, Connie Siris, Elba Vega, and Vicky LaRossa. Thanks guys! It was a beautiful spring day in the company of good friends.
