

2019 Racing Program Recap

Another great year on the water, with some challenging conditions on both ends of the wind spectrum!

We had a couple of new boats join use to make 14 boats in the Spring Series and 12 in the Sumer Series.

Special thanks to our 'Usual' race committee on Pintail, Laurina Nielsen, Charlie Masone, and Vicki LaRossa. With extra help by Vic Suben, Ed Dowd, and John Lane. Plus a few guest committee crew.

Also a shout out to Gene Stark for 'rescuing' Pintail when its engine failed (due to dirty gas). He towed her out of the channel area, single handed, so that one of the launches could pick up the tow.

Looking forward to another great year in 2020!
