What is Pancreatic Cancer?

With an overall survival rate of just 13% over five years, pancreatic cancer has no early detection tests, no effective long-term treatments and, unless the cancer is surgically removed in its earliest stages, no cure. More than 66,000 Americans will be diagnosed with pancreatic cancer this year alone. The disease affects slightly more men than women, almost always after the age of 45. It is the second most common malignant tumor of the gastrointestinal tract and the third leading cause of cancer-related deaths in adults. Increased awareness, education, early detection, and new treatments are our most powerful weapons in the fight against pancreatic cancer.

Palliative Medicine at Mather Hospital, Port Jefferson, NY

Primarily the Palliative Medicine team at Mather Hospital helps patients and their families who are contending with a life-changing diagnosis. The team works with the patient and family to navigate the complex decision making about all aspects of the patient's care. Effective palliative care maximizes quality of life while respecting the patient's wishes. In concert with the patient's physician, Mather's Palliative Medicine team educates the patient and family to their disease process, and will address psychological, cultural and/or spiritual issues the patient or family may be struggling with. Visit www.matherhospital.org/palliative to learn more.

About the Lustgarten Foundation's Mission to Cure Pancreatic Cancer

The Lustgarten Foundation is the largest private funder of pancreatic cancer research in the world, funding preeminent pancreatic cancer researchers, driving the pursuit of bold and innovative science toward earlier detection and better treatments and transforming pancreatic cancer into a curable disease. Our mission is rooted in the belief that research is fundamental, in fact, it is the only way to produce real results. The Lustgarten Foundation is a catalyst in the field of pancreatic cancer research—our funded science has been a driving force in every major advancement in pancreatic cancer research since 1998. The Foundation funds research where creative risks yield high rewards to accelerate and expand life-saving treatment options. We believe time is everything to patients and their families, and that community is power. Lustgarten programs and events provide people affected by pancreatic cancer a voice and a place to create hope, together. 100% of all donations fuel the research to advance understanding of this complex, devastating and historically underfunded cancer. For more information, visit www.lustgarten.org.

Regatta Sponsorship—Why Partner?

Your company/organization can make a difference in the lives of thousands of people on Long Island and across the country. See our website for all the benefits available!

- Strong visibility in the premier North Shore market
- Association with a local and national movement in the fight against pancreatic cancer
- Image-building opportunities associated with a vital cause
- Media coverage
- Product showcasing and product sampling (if applicable)
- Pancreatic cancer awareness and education for your employees
- Employee morale-building and company pride
- Increased customer loyalty

The Port Jefferson Yacht Club, Inc., located in the picturesque Village of Port Jefferson, NY, is devoted to the interests of boating. It provides social, educational, cruising and racing programs. Founded in 1959 as the Setauket Yacht Club, it moved to its present location in the southeast corner of Port Jefferson Harbor in 1977. In 2015 the club voted overwhelmingly to change its name to the Port Jefferson Yacht Club to more accurately reflect both its location and to have closer ties to the Village of Port Jefferson and its harbor. With the creation of the Village Cup Regatta in 2009, we joined the fight against Pancreatic Cancer, a devastating disease – one that has dearly cost our club. We have raised OVER A MILLION DOLLARS for this worthy cause!

The Village of Port Jefferson, a community rich in history and renowned for its shipbuilding back in the day, has participated in the Village Cup Regatta as a festive way to show support of two very important causes: palliative care and pancreatic cancer research. The employees of Mather Hospital/Northwell Health, along with Village residents, businesses and employees, compete for the "Village Cup" in this annual light-hearted "Race for a Cause" through Port Jefferson Harbor and into Long Island Sound. The Village Cup Regatta is a time-tested example of the important relationship between neighbors, friends and colleagues in Port Jefferson who make it the wonderful community it is. The Yacht Club Foundation found a way to bring these entities together, to benefit an important cause, and showcase the beautiful amenities the Village has to offer, and the Village of Port Jefferson is once again delighted to host this iconic event! (P.S. Go Port Jeff!)

Village Cup

Commodore's Message

Over the last 15 years, through the Village Cup Regatta, the Port Jefferson Yacht Club has raised over one million dollars to benefit the Lustgarten Foundation's research and the palliative care unit of Mather Hospital. This is a truly remarkable achievement for a small, member-led yacht club. We have helped to fund improvements in early detection and treatment for pancreatic cancer. In 2025, our impact continues through support for Lustgarten's six Advancing Breakthrough Science Labs, the global PASS-01 clinical trial, three additional new clinical trials, three groundbreaking research grants, and strategic partnerships with leading organizations such as Break Through Cancer, the Cancer Institute, and the American Association for Cancer Research. We are also helping to power the development of innovative, AI-driven tools in the fight against pancreatic cancer. While this progress is inspiring, there is still more to be done. This year, we remain steadfast in our commitment to advancing research, improving care, and ultimately eradicating this disease with our 16th Village Cup Regatta.

A special thanks to our past committee chair and past commodore, Chuck Chiaramonte, for his leadership in getting us past the million-dollar mark. Chuck's dedication to this event has been truly remarkable. Thanks to our incoming committee chair and fleet captain, David Hubbard, for taking the tiller to steer us to another million raised and hopefully a cure for pancreatic cancer.

The Village Cup is really something special. It brings our members closer to each other and the community. It is an opportunity to give back and pay forward. It provides an opportunity to honor those who were taken from us by this disease and most importantly, work for a cure soon.

Please join us as we race to find a cure!

Chris Beach
Commodore
Port Jefferson Yacht Club

Event Presenter \$25,000

Benefits:

- ◆ Overall Event Recognition as the 'Port Jefferson Village Cup Presented By.....'
- ◆ Name and Logos prominently featured on all materials and media.
- ◆ Other custom recognition available.
